

59,127 nurses

care for you when you need it most

Nearly 60,000 nurses work to make life better for you and thousands of others at Kaiser Permanente. They are at the heart of our mission to provide outstanding care to our members and patients.

Our nurses' leadership, expertise, and compassion help us deliver world-class care in operating rooms, ambulatory care centers, emergency rooms, home settings, clinics, and more.

The dedicated nurses of Kaiser Permanente are motivators, educators, and skilled professionals — and, as this video shows, kids love them!
