

Health care for all

We stand with you

We are dedicated to providing high-quality care to you, your loved ones — everyone.

Whoever you are, whoever you choose to be, we stand with you. That's why we've joined more than 50 major organizations in signing a statement in [support of transgender equality](#):

“We, the undersigned businesses, stand with the millions of people in America who identify as transgender or gender nonbinary, or who are intersex, and call for all such people to be treated with the respect and dignity everyone deserves.”

The statement is in response to a recent report that the U.S. Department of Health and Human Services is considering limiting the definition of gender under the existing nondiscrimination provision of the Affordable Care Act.
