

DIVERSITY is our STRENGTH

At Kaiser Permanente, we want our workforce to reflect the perspectives of everyone — women, people with disabilities, the world’s ethnicities and races, veterans, LGBTQ communities and more.

Our mission is to provide high-quality, affordable care to our members and communities — and you can’t do that without understanding where they come from and how they see the world.

As it happens, the people we care for come from every continent and every outlook.

That’s why we provide robust support for our “business resource groups.” While employee groups like these exist at many organizations, those at Kaiser Permanente are unique in their efforts to improve health outcomes for all people.
