making people + communities healthy

More than 200,000 people pursue long-term, fulfilling careers at Kaiser Permanente. They represent a wide spectrum of professions — nurses, engineers, designers, pharmacists, communicators, attorneys, therapists, business strategists and dietitians (to name just a few).

What unites us is our commitment to the total health — mind, body and spirit — of our members and the communities we serve.

Ready to work toward improving the health of people and the nation?
