

# 729 medical facilities

where you live, work, play

**Kaiser Permanente owns 39 hospitals and 690 medical facilities in 8 states and the District of Columbia. We maintain more than 1,000 buildings and 68 million square feet of space.**

All these numbers add up to one thing — providing you and your loved ones with easy access to the highest quality of care available. When we open new offices, we're working to be closer to you.

And we continue to grow. For example, in Washington, we're adding 5 new clinics in Gig Harbor, Ballard, West Olympia, Smokey Point and Seattle's South Lake Union neighborhood.
